Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner noted a typographical error (the word "articles" was inadvertently typed and the correct word should have been "particles") in the set of claims received 4/7/04. However, Mr. Christenbury stated that the said set of claims must have been incorrectly scanned into IFW with the wrong receipt date because the said claims were submitted 11/8/01 and the most recent set of claims were submitted 1/16/04. The Examiner has determined that the set of claims showing a receipt date of 4/7/04 (in IFW/eDan) is indeed a copy of the claims received 11/8/01 and the claims submitted 1/16/04 are currently pending in the application and thus should be the claims that are Patented/published.
